5. Benefits and Rationale of the Scheme of Amalgamation

Background

The Transferor Company 2 was admitted to the corporate insolvency resolution process ('CIRP') vide an order of the National Company Law Tribunal, Principal Bench, New Delhi ('**Adjudicating Authority**') dated July 26, 2017 under the provisions of the Insolvency and Bankruptcy Code, 2016 ('IBC'). Pursuant to the initiation of the CIRP, the Transferee Company submitted its resolution plan for the revival of the Transferor Company 2, and was selected as the highest compliant resolution applicant by the committee of creditors constituted under the IBC. The resolution plan submitted by the Transferee Company was subsequently approved by the Adjudicating Authority vide its order dated May 15, 2018 ('**IBC Order**') ('**Approved Resolution Plan**'). Consequently, on May 18, 2018, the Transferee Company through Transferor Company 1 (a wholly owned subsidiary of the Transferee Company) acquired 72.65% of the equity share capital of the Transferor Company 2. The approved resolution plan contemplated that, the Transferee Company shall at an appropriate stage evaluate various restructuring options including merger (subject to receipt of necessary regulatory and corporate approvals) with Transferor Company 2 in order to maximize synergies, business integration and achieving full economies of scale.

The investment by the Transferee Company in Transferor Company 2 being strategic and long term in nature, the respective board of directors of the Transferee Company, Transferor Company 1 and Transferor Company 2 approved the said proposed amalgamation on April 25, 2019. The proposed scheme of amalgamation would enable both the companies to realize benefits of greater synergies between their businesses, yield beneficial results and avail pooled resources in the interest of maximizing value to the shareholders and other stakeholders.

Commercial rationale for amalgamation of the Transferor Company 1 with the Transferee Company

- 5.1 The Transferor Company 1 is a wholly owned subsidiary of the Transferee Company and was incorporated *inter alia* for the purpose of completing the acquisition of the Transferor Company 2 by way of the Corporate Insolvency Resolution Process prescribed under The Insolvency and Bankruptcy Code, 2016.
- 5.2 The Transferor Company 1 holds the equity investment in Transferor Company 2 and is its holding company. Pursuant to the completion of the proposed amalgamation of the Transferor Company 2 into and with the Transferee Company, there would no longer be a requirement for the Transferor Company 1 to exist as a separate legal entity. This amalgamation would also result in simplification of the group structure of the Transferee Company.

- 5.3 The amalgamation will result in significant reduction in the multiplicity of legal and regulatory compliances required to be carried out by the Transferor Company 1 and the Transferee Company.
- 5.4 The Transferor Company 1 being a wholly owned subsidiary of the Transferee Company is under the management of the Transferee Company and it would be advantageous to amalgamate the two entities to ensure focused management in the Transferee Company thereby, resulting in efficiency of management and maximizing value to the shareholders.
- 5.5 This amalgamation will also result in significant reduction of administrative, operational, financial, and managerial and such other costs.

Commercial rationale for amalgamation of the Transferor Company 2 with the Transferee Company

- 5.6 The Transferor Company 2 and the Transferee Company are engaged in the business of manufacture and sale of steel and steel products. The amalgamation will ensure focused management in the combined entity thereby resulting in efficiency of management and maximizing value for the shareholders. Such restructuring will lead to simplification of group structure by eliminating multiple companies in similar business.
- 5.7 The proposed amalgamation of the Transferor Company 2 with the Transferee Company in accordance with the terms of this Scheme would enable both the companies to realize benefits of greater synergies between their businesses, yield beneficial results and pool financial resources as well as managerial, technical, distribution and marketing resources of each other in the interest of maximizing value to their shareholders and the stakeholders.
- 5.8 The proposed amalgamation will be beneficial to both the Transferor Company 2 and the Transferee Company in the following manner:
 - (i) **Operational integration and better facility utilisation:** The amalgamation in accordance with this Scheme will provide an opportunity for reduction of operational costs through transfer of intermediary products between the companies, better order loads for the business through pooling of orders, synergies from sales and production planning across the businesses.
 - (ii) **Efficient raw material procurement and reduced procurement costs:** Synergy of operations will be achieved as a result of sustained availability of raw materials as well as reduced procurement costs for Transferor Company 2. The proposed amalgamation would ensure iron ore security for Transferor Company 2 from the captive mines of the Transferee Company. Similarly, combined sourcing of other raw materials such as coke, coal, pellet, and limestone by both the Transferor Company 2 and the Transferee Company would result in reduction in overall costs of procurement for the amalgamating companies. Besides, certain requirements of the Transferor Company 2, such as ferro alloys and scrap could be directly met by the Transferee Company's production and procurement arms.
 - (iii) **Operational Efficiencies:** The amalgamation would result in synergy benefits arising out of single value chain thereby reducing costs and increasing operational efficiencies. Centralization of inventory, from raw material to finished goods and spares, may enable better efficiency, utilization and overall reduction in working capital. The proposed amalgamation would likely result in optimized power consumption, reduced costs, sharing of best practices, cross-functional learnings, better utilisation of common facilities and greater efficiency in debt and cash management.
 - (iv) **Rationalization of Procurement & Logistics costs:** Consolidation and optimization of stockyards could significantly reduce logistics and distribution costs for both the Transferor Company 2 and the Transferee Company. Clubbing of shipments may help reduce shipping costs, port terminal charges and ocean freight.
 - (v) **Enhancing Value in Marketing:** With an overlap in products across the Transferor Company 2 and the Transferee Company, the combined entity would be better positioned to service customer needs. The Transferor Company 2 could expand its existing core market in North-India using the strong distribution channel and dealer network of the Transferee Company. Further, the Transferor Company 2 could also have access to the Transferee Company's branded product portfolio and marketing capabilities. The Transferee Company would benefit from complementary product offerings of the Transferor Company 2, resulting in a strong presence across market segments. The proposed amalgamation will result in access to new markets and product offerings as well as increased export volumes.

- (vi) **Improving Customer Satisfaction and Services:** The proposed amalgamation would make it easier to address needs of customers by providing them uniform product and service experience, on-time supplies, improved service levels thereby improving customer satisfaction. With common credit management, the customers are expected to benefit from the channel financing benefits from the combined entity.
- (vii) **Improved safety, environment and sustainability practices:** Increased coverage of plant automation can be achieved across plants of the Transferor Company 2, by using the Transferee Company's information technology applications and systems.
- (viii) Thus, the proposed amalgamation is beneficial, advantageous and not prejudicial to the interests of the shareholders, creditors and other stakeholders of the Transferor Company 2 and the Transferee Company and is beneficial to the public at large.

3. The amalgamation will result in significant reduction in the multiplicity of legal and regulatory compliances required to be carried out by the Transferor Company 1 and the Transferee Company.
4. The Transferor Company 1 being a wholly owned subsidiary of the Transferee Company is under the management of the Transferee Company and it would be advantageous to amalgamate the two entities to ensure focused management in the Transferee Company thereby resulting in efficiency of management and maximizing value to the shareholders.
5. This amalgamation will also result in significant reduction of administrative, operational, financial, and managerial and such other costs.

B. Commercial rationale for amalgamation of the Transferor Company 2 with the Transferee Company

1. The Transferor Company 2 and the Transferee Company are engaged in the business of manufacture and sale of steel and steel products. The amalgamation will ensure focused management in the combined entity thereby resulting in efficiency of management and maximizing value for the shareholders. Such restructuring will lead to simplification of group structure by eliminating multiple companies in similar business.
2. The proposed amalgamation of the Transferor Company 2 with the Transferee Company in accordance with the terms of this Scheme would enable both the companies to realize benefits of greater synergies between their businesses, yield beneficial results and pool financial resources as well as managerial, technical, distribution and marketing resources of each other in the interest of maximizing value to their shareholders and the stakeholders.
3. The proposed amalgamation will be beneficial to both the Transferor Company 2 and the Transferee Company in the following manner:
 - (i) **Operational integration and better facility utilisation:** The amalgamation in accordance with this Scheme will provide an opportunity for reduction of operational costs through transfer of intermediary products between the companies, better order loads for the business through pooling of orders, synergies from sales and production planning across the businesses.
 - (ii) **Efficient raw material procurement and reduced procurement costs:** Synergy of operations will be achieved as a result of sustained availability of raw materials as well as reduced procurement costs for Transferor Company 2. The proposed amalgamation would ensure iron ore security for Transferor Company 2 from the captive mines of the Transferee Company. Similarly, combined sourcing of other raw materials such as coke, coal, pellet, and limestone by both the Transferor Company 2 and the Transferee Company would result in reduction in overall costs

of procurement for the amalgamating companies. Besides, certain requirements of the Transferor Company 2 such as ferro alloys and scrap could be directly met by the Transferee Company's production and procurement arms.

- (iii) **Operational Efficiencies:** The amalgamation would result in synergy benefits arising out of single value chain thereby reducing costs and increasing operational efficiencies. Centralization of inventory, from raw material to finished goods and spares, may enable better efficiency, utilization and overall reduction in working capital. The proposed amalgamation would likely result in optimized power consumption, reduced costs, sharing of best practices, cross-functional learnings, better utilisation of common facilities and greater efficiency in debt and cash management.
- (iv) **Rationalization of Procurement & Logistics costs:** Consolidation and optimization of stockyards could significantly reduce logistics and distribution costs for both the Transferor Company 2 and the Transferee Company. Clubbing of shipments may help reduce shipping costs, port terminal charges and ocean freight.
- (v) **Enhancing Value in Marketing:** With an overlap in products across the Transferor Company 2 and the Transferee Company, the combined entity would be better positioned to service customer needs. The Transferor Company 2 could expand its existing core market in North-India using the strong distribution channel and dealer network of the Transferee Company. Further, the Transferor Company 2 could also have access to the Transferee Company's branded product portfolio and marketing capabilities. The Transferee Company would benefit from complementary product offerings of the Transferor Company 2, resulting in a strong presence across market segments. The proposed amalgamation will result in access to new markets and product offerings as well as increased export volumes.
- (vi) **Improving Customer Satisfaction and Services:** The proposed amalgamation would make it easier to address needs of customers by providing them uniform product and service experience, on-time supplies, improved service levels thereby improving customer satisfaction. With common credit management, the customers are expected to benefit from the channel financing benefits from the combined entity.
- (vii) **Improved safety, environment and sustainability practices:** Increased coverage of plant automation can be achieved across plants of the Transferor Company 2, by using the Transferee Company's information technology applications and systems.

APPROACH TO VALUATION ENGAGEMENT

In connection with this exercise, we have adopted the following procedures to carry out the valuation:

- Discussion with the Management to understand the business and fundamental factors that affect its earning-generating capability including strength, weaknesses, opportunity and threats analysis and historical financial performance
- Analysis of information shared by the Management
- Analysis of information related to the Companies and its peers as available in public domain
- Selection of appropriate internationally accepted valuation methodology/(ies) after deliberation
- Arriving at Valuation of Shares for the Proposed Transaction

VALUATION METHODOLOGY

The Scheme contemplates the Merger of BNL and TSBSL into TSL. Arriving at the valuation of Shares of TSL, would require determining value of the business of TSL. The valuation is to be determined independently but on a relative basis, and without considering the Proposed Transaction.

There are several commonly used and accepted methods for determining the valuation of TSL, which have been considered in the present case, to the extent and applicable, including:

1. Market Approach:
 - a. Market Price Method
 - b. Comparable Companies Multiples
2. Income Approach: Discounted Cash Flow Method
3. Cost Approach: Net Asset Value Method

As discussed below for the Proposed Transaction we have considered these methods, to the extent relevant and applicable.

This valuation could fluctuate with passage of time, changes in prevailing market conditions and prospects, industry performance and general business and economic conditions financials and otherwise, of the Companies, and other factors which generally influence the valuation of the companies and their assets.

We have relied on the judgement of the Management as regards contingent and other liabilities.

The application of any particular method of valuation depends on the purpose for which the valuation is done. Although, different values may exist for different purpose, it cannot be too strongly emphasized that a valuer can only arrive at one value for one purpose. Our choice of methodology of valuation has been arrived at using usual and conventional methodologies adopted for transactions of a similar nature, regulatory guideline and our reasonable judgement, in an independent and bona fide manner based on our previous experience of assignments.

The Valuation methodologies as may be applicable which have been used to arrive at the value attributable to the equity shareholders of TSL is discussed hereunder:

Market Price ("MP") Method:

The market price of an equity share as quoted on a stock Entitlement is normally considered as the value of the equity shares of that company where such quotations are available from the shares being regularly and freely traded in, subject to the element of speculative support that may be inbuilt in the value of the shares.

In the present case, equity shares of TSL and TSBSL are listed on BSE and NSE. The share price observed on NSE for an appropriate period prior to the valuation date has been considered for determining the value of TSL and TSBSL under the market price methodology as the traded turnover of shares of TSL and TSBSL is higher on NSE as compared to the turnover of shares on BSE.

The market value of TSL and TSBSL is arrived at by considering the higher of 6 months Average Market Price or 2 Weeks average market price.

Comparable Companies Market Multiple (“CCM”) Method:

Under this method, value of the equity shares of a company is arrived at by using multiples derived from valuations of comparable companies, as manifest through stock market valuations of listed companies. This valuation is based on the principle that market valuations, taking place between informed buyers and informed sellers, incorporate all factors relevant to valuation.

Discounted Cash Flow (“DCF”) Method:

The discounted cash flow method has also been used to value the equity of the companies. The discounted cash flow method is a modern valuation method which relates the value of an asset to the present value of the expected future cash flows on that assets. Under this method the value of the business has been determined by the formula:

$$\text{Value of Business} = \sum \text{CF in period } t / (1 + \text{WACC})^t$$

Where,

$$t = 1 \text{ to } n,$$

CF = Expected cash flow in period n,
WACC = Weighted Average Cost of Capital

The WACC of the TSBSL has been calculated with a target Debt Equity ratio. The said target Debt Equity Ratio has been derived by averaging the Debt Equity Ratio of Industry Leaders. The terminal value has been estimated in the last year of forecast period and the present value of the same is added to present value of all the cash flows.

In our valuation model, we have considered EBITDA Multiple to arrive at the terminal value.

Terminal Value = EBITDA for Final Projected Year X EV Multiple of Industry Peers

Book Value / Net Assets Value (“NAV”) Method:

In case of Net Assets Method, the value is determined by dividing the Net Assets of the Company by the number of shares. The underlying asset approach represents the value with reference to the historical cost of the assets owned by the Company and attached liabilities as at the valuation date. Such value represents the support value of a going concern.

Since the shares are valued on a “going concern” basis and an actual realization of operating assets is not contemplated, we have considered it appropriate not to determine the realizable or replacement value of the assets. The operating assets have therefore been considered at their book values.

RECOMMENDATION ON FAIR EXCHANGE RATIO

The fair basis of merger of the Companies would have to be determined after taking into consideration all the factors and methodologies mentioned hereinabove. Though different values have been arrived at, under each of the above approaches, for the purpose of recommending a ratio of exchange it is necessary to arrive at a single value for the shares of each company. It is however important to note that in doing so, we are not attempting to arrive at the absolute values of the shares of each Company.

Our exercise is to work out relative value of shares of the Companies to facilitate the determination of ratio of exchange. For this purpose, it is necessary to give appropriate weightage to the values arrived at under each approach.

Considering the fact that, after the merger, the business of TSL is intended to be continued on a “going concern” basis and that there is no intention to dispose-off the assets, further coupled with the fact that TSL being a listed entity, Market Approach is being considered appropriate. Further the company being Market Leader, Market Price method is opted for the valuation purpose.

In case of TSBSL, equal weightage has been given to Market Approach and Income Approach and Cost Approach is not being considered appropriate for the valuation purpose.

100% shares of BNL is held by TSL. Hence no exchange ratio is being calculated for it.

Valuation Approach	TSL		TSBSL	
	Value Per Share	Weight	Value Per Share	Weight
Asset Approach – NAV Method*		0%		0%
Market Approach – MP Method	538.26	100%	34.57	50%
Income Approach – DCF Method **		0%	37.28	50%
Relative Value per Share	538.26		35.93	
Fair Exchange Ratio (rounded off)			15 : 1	

**Both the Companies are assumed to continue business on "going concern basis", and there being no intention to dispose off the assets, therefore we have not considered Asset Approach Method for the said transaction.*

***Business Plan of TSL could not be provided by the Management of the Company being a forward price sensitive information, hence we did not consider Income Approach Method for TSL valuation.*

The share exchange ratio has been arrived on the basis of a relative valuation of the shares of the Companies based on the various methodologies explained herein earlier and various qualitative factors relevant to each of the company and the business dynamics and growth potential of the businesses of the Companies, having regard to information base, management representations and perceptions, key underlying assumptions and limitations.

In the ultimate analysis, valuation will have to involve the exercise of judicious discretion and judgement taking into account all the relevant factors. There will always be several factors, e.g. present and prospective competition, yield on comparable securities and market sentiments etc. which are not evident from the face of the balance sheets but which will strongly influence the worth of a share. This concept is also recognized in various judicial decisions.

FAIR EXCHANGE RATIO FOR MERGER OF BNL & TSBSL into TSL

In the light of the above and on a consideration of all the relevant factors and circumstances as discussed and outlined hereinabove referred to earlier in this report, in our opinion, a fair ratio of exchange in the event of merger of TSBSL into TSL would be:

1 equity share of TSL of Rs. 10 each fully paid up for every 15 equity shares of TSBSL of Rs. 2 each fully paid up.

BNL being the Wholly Owned Subsidiary of TSL, shall be merged into TSL and all shares shall stand cancelled and TSL shall not issue any new share to the shareholders of BNL.

to explanations and information sought from the Client, we have been given to understand by the Management that they have not omitted any relevant and material factors about the Companies and that they have checked the relevance or materiality of any specific information to the present exercise with us in case of any doubt. Our conclusion is based on the information given by/on behalf of the Companies. The Management has indicated to us that they have understood that any omissions, inaccuracies or misstatements may materially affect our fairness opinion.

The Report assumes that the Companies comply fully with relevant laws and regulations applicable in all its areas of operations, and that the Companies will be managed in a competent and responsible manner. Further, this Report has given no consideration to matters of a legal nature, including issues of legal title and compliance with local laws, and litigation and other contingent liabilities that are not disclosed in the audited/unaudited balance sheet of the Companies. Our fairness opinion assumes that the assets and liabilities of the Companies, reflected in their respective latest balance sheets remain intact as of the Report date.

The Report does not address the relative merits of the Proposed Merger as compared with any other alternative business transaction, or other alternatives, or whether or not such alternatives could be achieved or are available.

The fee for the engagement is not contingent upon the results reported.

We will not be liable for any losses, claims, damages or liabilities arising out of the actions taken, omissions of or advice given by any other to the Companies. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or willful default on part of the Companies, their directors, employees or agents.

This Report is subject to the laws of India.

Neither the Report nor its contents may be referred to or quoted in any registration statement, prospectus, offering memorandum, annual report, loan agreement or other agreement or document given to third parties, other than in connection with the proposed Scheme of Amalgamation, without our prior written consent. APPROACH - BASIS OF DETERMINATION OF THE EQUITY SWAP RATIO FOR THE PROPOSED TRANSACTION

The Independent Valuer has recommended the following equity swap ratio for the Proposed Transaction:

- 1 (ONE) equity share of INR 10/- each fully paid up of TSL for every 15 (FIFTEEN) equity shares of TSBSL of INR 2/- each fully paid up.
- As BNPL is a wholly owned subsidiary of TSL, the equity shares of BNPL stands cancelled on the date of merger.

OUR COMMENT ON THE INDEPENDENT VALUER'S REPORT

Based on our independent calculation and on consideration of all the relevant factors and circumstances, we believe that the equity swap ratio as recommended by the Independent Valuer, as stated above in our opinion is fair to the equity shareholders of TSL.

It should be noted that we have examined only the fairness of the equity swap ratio for the Proposed Transaction only for the Board of Directors/shareholders of TSL and have not examined any other matter including economic rationale of the transfer per se or accounting and tax matters involved in the Proposed Transaction.

REPORT ADOPTED BY THE AUDIT COMMITTEE OF TATA STEEL LIMITED AT ITS MEETING HELD ON THURSDAY, APRIL 25, 2019, IN RELATION TO THE PROPOSED AMALGAMATION OF BAMNIPAL STEEL LIMITED AND TATA STEEL BSL LIMITED WITH TATA STEEL LIMITED

1. Background

The Audit Committee at its meeting held on April 25, 2019 was requested to consider and recommend to the Board of Directors, a draft of the proposed composite scheme of amalgamation for the amalgamation of Bamnipal Steel Limited ('Transferor Company 1') and Tata Steel BSL Limited ('Transferor Company 2') with Tata Steel Limited ('Transferee Company' or 'Company'), (hereinafter referred to as 'Scheme'), to be implemented under Sections 230 to 232 of the Companies Act, 2013 ('Companies Act') and other applicable laws including the Securities and Exchange Board of India ('SEBI') Circular No. CFD/DIL3/CIR/2017/21 dated March 10, 2017 (as amended from time to time) ('Circular').

This report of the Audit Committee is made to comply with the requirements of the Circular.

The following documents were placed before the Audit Committee:

1. While deliberating on the Scheme, the Audit Committee had, inter-alia, considered and has taken on record the following documents:
 - (a) A draft of the proposed Scheme;
 - (b) Valuation Report dated April 25, 2019, issued by Mr. Vikrant Jain, an Independent Chartered Accountant, who in his report, has recommended the share exchange ratio of 1:15, that is, 1 fully paid up equity share of nominal value of Rs. 10/- each of the Transferee Company for every 15 fully paid up equity shares held by the public shareholders in Transferor Company 2, to be allotted to the public shareholders of Transferor Company 2 pursuant to the Scheme ('Valuation Report');
 - (c) Fairness opinion dated April 25, 2019, issued by EY Merchant Banking Services Private Limited, a SEBI Registered Category 1 Merchant Banker providing the fairness opinion on the share exchange ratio recommended in the Valuation Report prepared by Mr. Vikrant Jain ('Fairness Opinion'); and
 - (d) Auditor's certificate dated April 25, 2019 issued by the statutory auditors of the Company, i.e. Price Waterhouse & Co Chartered Accountants LLP ('Auditor's Certificate'), to the effect that the Scheme is in compliance with applicable Accounting Standards specified by the Central Government in Section 133 of the Companies Act, 2013.

2. Proposed Scheme of Amalgamation

- 2.1. The Audit Committee noted the rationale of the Scheme, which inter-alia is as follows:

Commercial rationale for amalgamation of the Transferor Company 1 with the Transferee Company

Background: Transferor Company 1 is a wholly owned subsidiary of Transferee Company and was incorporated *inter alia* for the purposes of completing the acquisition of the Transferor Company 2 by way of the corporate insolvency resolution process prescribed under the Insolvency and Bankruptcy Code, 2016. Pursuant to the order of the National Company Law Tribunal, Principal Bench, New Delhi dated May 15, 2018, the Transferee Company through the Transferor Company 1 acquired 72.65% of the equity share capital of the Transferor Company 2.

TATA STEEL LIMITED

Registered Office Bombay House 24 Horni Mody Street Fort Mumbai 400 001 India
Tel 91 22 6665 8282 Fax 91 22 6665 7724 website www.tatasteel.com
Corporate Identity Number L27100MH1907PLC000260

- (a) The Transferor Company 1 holds equity shares in the Transferor Company 2 and is its holding company. Pursuant to the completion of the proposed amalgamation of the Transferor Company 2 into and with the Transferee Company, there would no longer be a requirement for the Transferor Company 1 to exist as a separate legal entity. The rationale for this amalgamation is also to simplify the group structure of the Transferee Company.
- (b) The Transferor Company 1 being a wholly owned subsidiary of the Transferee Company is under the management of the Transferee Company and it would be advantageous to amalgamate the two entities to ensure focused management in the Transferee Company thereby resulting in efficiency of management and maximizing value to the shareholders
- (c) Such amalgamation would result in significant reduction of administrative, operational, financial, managerial and such other costs.

Commercial rationale for amalgamation of Transferor Company 2 with the Transferee Company:

- (a) The Transferor Company 2 and the Transferee Company are engaged in the business of manufacture and sale of steel and steel products. The amalgamation will ensure focused management in the combined entity thereby resulting in efficiency of management and maximizing value for the shareholders. Such restructuring will lead to simplification of group structure by eliminating multiple companies in similar business.
- (b) The proposed amalgamation of the Transferor Company 2 with the Transferee Company in accordance with the terms of the Scheme would enable both the companies to realize benefits of greater synergies between their businesses, yield beneficial results and avail of pooled resources in the interest of maximizing value to the shareholders and the stakeholders.
- (c) The amalgamation would enable operational integration and better facility utilisation.
- (d) The amalgamation will lead to efficient and assured availability of raw materials as well as reduced procurement & Logistics costs.
- (e) The amalgamation should result in synergy benefits arising out of a single value chain thereby reducing costs and working capital and increasing operational efficiencies.
- (f) The amalgamation could enhance value through combined marketing & branding and enhanced customer satisfaction and service levels.

Thus, there is no rationale for the Transferor Company 2 to continue as a separate entity whilst engaged in the same or similar line of business as that of the Transferee Company and it is prudent and appropriate to consolidate same or similar lines of business into one entity by way of this Scheme.

2.2. The Audit Committee noted the salient features of the Scheme, which inter-alia are as under:

- (a) Amalgamation of the Transferor Company 1 and the Transferor Company 2 into and with the Transferee Company under a single Scheme.
- (b) Pursuant to the sanction of the Scheme by National Company Law Tribunal(s), the Scheme shall become effective from the Appointed Date. The Appointed Date for the Scheme is fixed as opening of business hours on April 1, 2019.

- (c) With effect from the Appointed Date, the entire undertaking of the Transferor Company 1 shall stand transferred to and vested in and/or be deemed to have been and stand transferred to and vested in the Company to become the undertaking of the Company.
- (d) The equity shares issued by the Transferor Company 1 to the Company shall stand cancelled in their entirety and the Transferor Company 1 shall stand dissolved without winding up.
- (e) With effect from the Appointed Date, the entire undertaking of the Transferor Company 2 shall stand transferred to and vested in and/or be deemed to have been and stand transferred to and vested in the Company to become the undertaking of the Company.
- (f) The entire equity share capital and the preference share capital of the Transferor Company 2 including the equity shares issued by the Transferor Company 2 to the Transferor Company 1 and the preference shares issued by the Transferor Company 2 to the Transferee Company shall stand cancelled in its entirety, which shall be effected as a part of the Scheme and not in accordance with Section 66 of the Act and in the manner stipulated in Part III of the Scheme.
- (g) Issue and allotment of 1 fully paid up equity share of the Company to the public shareholders of the Transferor Company 2 based on the share exchange ratio as determined by the Valuer under the Valuation Report and the Fairness Opinion provided by the Merchant Banker.
- (h) Equity shares issued by the Transferee Company to the equity shareholders of the Transferor Company 2 pursuant to the Scheme would be listed on the BSE Limited and the National Stock Exchange of India Limited (collectively, the "Stock Exchanges").

3. Recommendations of the Audit Committee:

The Audit Committee after taking into consideration the Valuation Report and the Fairness Opinion recommends the draft Scheme for favorable consideration by the Board of Directors of the Company, the Stock Exchanges and SEBI.

B. Effect of the Scheme on each class of shareholders, Key Managerial Personnel and promoter shareholders and non-promoter shareholders of Tata Steel Limited:

1. The Valuation Report recommends the following share exchange ratio:
- (a) 1 fully paid up equity share of nominal value of ₹10/-each of the Transferee Company for every 15 fully paid equity shares held by the public shareholders in the Transferor Company 2 as on the Record Date (as defined in the Scheme); and
 - (b) No shares are to be issued by the Transferee Company to the Transferor Company 1, as the Transferor Company 1 is a wholly owned subsidiary of the Transferee Company.
2. Effect on the equity shareholders (promoter shareholders and non-promoter shareholders): As far as the equity shareholders of the Transferee Company are concerned (promoter shareholders as well as non-promoter shareholders), the

amalgamation of Transferor Company 2 with the Company will result in dilution of holding of promoter group in the Transferee Company's shares by approximately 0.55% and in turn will increase the public shareholding of the Transferee Company's shares to that extent. This will in turn increase the trading stock of the shares of the Transferee Company. Pursuant to the Scheme, all the public shareholders of the Transferor Company 2 will get equity shares of the Transferee Company and there will be no change in economic interest of any of the current shareholders as on April 25, 2019 of the Transferee Company pre and post Scheme coming into effect.

3. Effect on the Key Managerial Personnel: There is no effect on the key managerial personnel of the Transferee Company except to the extent that Mr. T. V. Narendran, Chief Executive Officer and Managing Director of the Company and Mr. Koushik Chatterjee, Executive Director and Chief Financial Officer of the Company, currently holding directorship in the Transferor Company 2, shall cease to be the directors of Transferor Company 2 and to the extent of the equity shares held by the key managerial personnel or their relatives (if any) in Transferor Company 2.
4. Effect on the creditors: Under the Scheme, there is no arrangement with the creditors (secured or unsecured) of the Company. No compromise is offered under the Scheme to any of the creditors of the Company. The liability of the creditors of the Company, under the Scheme, is neither being reduced nor being extinguished.
5. Effect on staff or employees: Under the Scheme, no rights of the staff and employees of the Company are being affected. The services of the staff and employees of the Company shall continue on the same terms and conditions prior the proposed Scheme.
6. No special valuation difficulties were reported.
- C. **Conclusion**

While deliberating the Scheme, the Board has considered its impact on each of the shareholders, promoters, non-promoter shareholders, key managerial personnel, creditors and employees. The Scheme is in the best interest of the shareholders, promoters and non-promoter shareholders, key managerial personnel, creditors and employees of the Company and there shall be no prejudice caused to them in any manner by the Scheme.

OBJECTS / RATIONALE OF THE SCHEME

Rationale for amalgamation of Transferor Company 1 with Transferee Company:

The Transferor Company 1 was incorporated *inter alia* for the purpose of completing the acquisition of Transferor Company 2 by way of the CIR Process under the IBC Code. The Transferor Company 1 holds the equity investment in Transferor Company 2 and is its holding company. Pursuant to the completion of the proposed amalgamation of the Transferor Company 2 into and with the Transferee Company, there would no longer be a requirement for the Transferor Company 1 to exist as a separate legal entity. This amalgamation would also result in simplification of the group structure of the Transferee Company.

Further, the amalgamation will result in significant reduction in the multiplicity of legal and regulatory compliances required to be carried out by the Transferor Company 1 and the Transferee Company. The Transferor Company 1, being a wholly owned subsidiary of the Transferee Company, is under the management of the Transferee Company and it would be advantageous to amalgamate the two entities to ensure focused management in the Transferee Company thereby resulting in efficiency of management and maximizing value to the shareholders. This amalgamation will also result in significant reduction of administrative, operational, financial, and managerial and such other costs.

Rationale for amalgamation of Transferor Company 2 with Transferee Company:

The Transferor Company 2 and Transferee Company are engaged in the business of manufacture and sale of steel and steel products. The amalgamation will ensure focused management in the combined entity thereby resulting in efficiency of management and maximizing value for the shareholders. Such restructuring will lead to simplification of group structure by eliminating multiple companies in similar business. In addition, it would also enable both the companies to realize benefits of greater synergies between their businesses, yield beneficial results and pool financial resources as well as managerial, technical, distribution and marketing resources of each other in the interest of maximizing value to their shareholders and the stakeholders.

The amalgamation will be beneficial to both, the Transferor Company 2 and Transferee Company in the following manner:

- a. Operational integration and better facility utilisation;
- b. Efficient raw material procurement and reduced procurement costs;
- c. Operational efficiencies;
- d. Rationalisation of procurement & logistics costs;
- e. Enhancing value in marketing;
- f. Improving customer satisfaction and services; and
- g. Improved safety, environment and sustainability practices.

Thus, the proposed amalgamation is beneficial, advantageous and not prejudicial to the interests of the shareholders, creditors and other stakeholders of the Transferor Company 2 and the Transferee Company and is beneficial to the public at large.

Upon effectiveness of the Scheme, Transferor Company 1 and the Transferor Company 2 shall stand dissolved without being wound up and without any further deed or act.

3. Ld. Sr. Counsel submits that in terms of the said Order dated 20.02.2020, this Hon'ble Tribunal was pleased to inter-alia direct the Applicant Company 1 and Applicant Company 3 to convene a physical meeting of their Equity Shareholders on 31.03.2020 and 23.03.2020 respectively for the purpose of considering, and if thought fit, approving, the proposed Scheme, at a common venue. The Ld. Sr. Counsel submits that due to the prevailing COVID-19 pandemic, holding of a general meeting by the Applicant Company 1 and Applicant Company 3 (requiring physical presence of members at a common venue), as directed, had become infeasible during the currency of the pandemic. Ld. Sr. Counsel submits that the Applicant Company 1 and Applicant Company 3 have a vast number of shareholders who cannot be accommodated at a common venue whilst at the same time maintaining social distancing norms. Ld. Sr. Counsel further submits that it is presently unknown as to when the ongoing pandemic will stabilize such as to permit the holding of meetings requiring physical presence of the members at a common venue and

that in the event the Applicant Company 1 and Applicant Company 3 are required to conduct physical meetings of their members, it is likely that such meetings will be inordinately and unduly delayed beyond reasonable time. The Ld. Sr. Counsel places reliance on Section 232(1) of the Companies Act, 2013. The Ld. Sr. Counsel therefore submits that the Applicant Company 1 and Applicant Company 3 be permitted to hold a meeting of its members by way of video-conferencing and/ or other audio-visual means.

4. Ld. Sr Counsel has submitted that thereafter, the Applicant Company 1 and Applicant Company 3 filed application bearing no. CA/1056/2020 and CA/1081/2020 respectively *inter alia* to seek the following reliefs:

The Applicant Companies also placed on record the General Circular dated 28.09.2020 wherein the MCA has extended the

In Paragraph No. 6 of the affidavit, MCA submitted that they do not have objection to the shareholders meeting proposed to be convened through video conference or OAVM. Opinion

1. We have audited the accompanying standalone quarterly financial results of Tata Steel Limited (hereinafter referred to as "the company") for the quarter ended December 31, 2020 and the year to date results for the period from April 1, 2020 to December 31, 2021, attached herewith (the "results") which are included in the accompanying 'Standalone Statement of Profit and Loss for the quarter/ nine months ended on 31st December 2020' (the Statement), being submitted by the company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. In our opinion and to the best of our information and according to the explanations given to us, the results:
 - (i) are presented in accordance with the requirements of Regulation 33 of the Listing Regulations in this regard; and
 - (ii) give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable accounting standards prescribed under Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India, of the net profit and other comprehensive income and other financial information for the quarter ended December 31, 2020 as well as the year to date results for the period from April 1, 2020 to December 31, 2020.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (the Act) and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

4. We draw attention to Note 3 to the Statement which states that the ability of the Tata Steel Europe (TSE), the step-down subsidiary of T Steel Holdings Pte Ltd (TSH), a subsidiary of the Company, to continue as a going concern is dependent on the outcome of measures taken as stated therein and the availability of future funding requirements, which could have a consequential impact on the amount of investment of Rs. 20,854.89 crores (net of provision for impairment 860.00 crores) in TSH as at December 31, 2020. Further, the auditors of TSE have, without modifying their conclusion, reported an Emphasis of Matter Related to Going Concern vide their Review Report dated February 3, 2021 on the financial information for the nine months period ended December 31, 2020.

9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
 - Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Price Waterhouse & Co Chartered Accountants LLP

- Evaluate the overall presentation, structure and content of the results, including the disclosures, and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Review Report

To
The Board of Directors
Tata Steel limited
Bombay House,
24, Homi Modi Street,
Fort, Mumbai 400001

1. We have reviewed the unaudited consolidated financial results of Tata Steel Limited (the "Parent"), its subsidiaries (the parent and its subsidiaries hereinafter referred to as the "Group"), jointly controlled entities and associate companies for the quarter ended December 31, 2020 and the year to date results for the period April 1, 2020 to December 31, 2020 which are included in the accompanying 'Consolidated Statement of Profit and Loss for the quarter/ nine months ended on 31st December 2020' (the "Statement"). The Statement is being submitted by the Parent pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations"), which has been stamped by us for identification purposes.
2. This Statement, which is the responsibility of the Parent's Management and has been approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.
4. The Statement includes the results of the entities listed in Annexure A.
5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 7 below, nothing has come to our attention that causes us to believe that the accompanying Statement has not been prepared in all material respects in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India and has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. We draw attention to the following Emphasis of Matter - Going Concern paragraph (as reproduced) which has been included by the auditors of Tata Steel Europe Limited, a subsidiary of the Parent Company, in their review report dated February 3, 2021:

“Without modifying our conclusion on the special purpose interim financial information, we have considered the adequacy of the disclosure made in the special purpose interim financial information concerning the entity’s ability to continue as a going concern. The impact of the COVID-19 global pandemic will require Tata Steel Europe Limited to access group company support in order to meet its obligations as they fall due. Tata Steel Europe Limited has received a letter from TS Global Procurement Company Pte Ltd undertaking to provide working capital and/or other cash support up to a specified amount which exceeds the amount forecast as being required by Tata Steel Europe Limited over the next twelve months. The letter states that it represents present policy, is given by way of comfort only and is not to be construed as constituting a promise as to the future conduct of TS Global Procurement Company Pte Ltd or Tata Steel Limited. Accordingly, there can be no certainty that the funds required by Tata Steel Europe Limited will in fact be made available. These conditions, along with the other matters explained in the special purpose interim financial information, indicate the existence of a material uncertainty which may cast significant doubt about the entity’s ability to continue as a going concern. The special purpose interim financial information do not include the adjustments that would result if the entity unable to continue as a going concern.”

Refer Note 3 to the Statement in this regard.

Our conclusion is not modified in respect of this matter.

Notes:

1. The results have been reviewed by the Audit Committee and were approved by the Board of Directors in meetings on February 09, 2021.
2. The Group has assessed the possible impact of COVID-19 on its financial statements based on the internal and external information available up to the date of approval of these financial results and continues to monitor changes in future economic conditions.
3. The downturn in steel demand due to the COVID-19 pandemic could impact the future business outlook of Tata Steel UK Limited (TSUK), a subsidiary of the Company held through Tata Steel Europe Limited (TSE), with respect to its ability to continue as a going concern and meet its liquidity requirements. TSE including TSUK continues to implement various improvement measures aimed at conserving liquidity.

Given that the severity and length of the downturn in steel demand on account of the pandemic remains unpredictable, the directors of TSE observed that while there is a reasonable expectation that TSE has the adequate resources to continue operating for the foreseeable future and that the going concern basis for the preparation of its financial statements remains appropriate, there exists a material uncertainty surrounding the impact of the COVID-19 pandemic on its financial situation. The financial statements of TSE are prepared on a going concern basis and do not include any adjustment regarding going concern of TSUK. The Company's equity investment in T Steel Holdings Pte Ltd. (TSH) which holds TSE has also been tested for impairment accordingly.

The Group has assessed its ability to meet any liquidity requirements at TSE, if required, and concluded that its cashflow and liquidity position remains strong.

4. Exceptional item 8(b) and 8(f) in the consolidated financial results represent reversal of impairment and reversal of restructuring and other provisions respectively within the Group's foreign operations.

Exceptional item 6(a) in the standalone financial results represents profit on sale of investments in Tata Steel Long Products Limited (TSLP), a subsidiary of the Company to comply with the requirement of minimum public shareholding under the provisions of Securities Contracts (Regulation) Rules, 1957 and Securities and Exchange Board of India (Listing obligations and disclosures requirements) Regulations, 2015.

5. Consolidated financial results for the periods relating to previous year include results of the acquired steel business of Usha Martin Limited and Angul Energy Limited (formerly "Bhushan Energy Limited"), starting April 09, 2019 and June 01, 2019 respectively, hence are not comparable with the current periods.
6. The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment received Indian Parliament approval and Presidential assent in September 2020. The Code has been published in the Gazette of India and subsequently on November 13, 2020 draft rules were published and invited for stakeholders' suggestions. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.
7. The consolidated financial results have been subjected to limited review and the standalone financial results have been audited by the statutory auditors.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Companies Act, 2013 ('the Act'). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Statement section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Statement under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our opinion.

Management's and Those Charged with Governance Responsibilities for the Statement

4. This Statement has been prepared on the basis of the interim Standalone financial statements. The Company's Board of Directors are responsible for the preparation of the Statement that give a true and fair view of the net profit/loss and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Ind AS 34 prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations including SEBI Circular(s). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
5. In preparing the Statement, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
6. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Statement

7. Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Statement.
8. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.

Walker Chandiook & Co LLP

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
 - Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the standalone financial results, including the disclosures, and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.
9. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
10. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

We have reviewed the accompanying statement of unaudited consolidated financial results ('the Statement') of Tata Steel BSL Limited (Formerly known as Bhushan Steel Limited) ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') (refer Annexure 1 for the list of subsidiaries included in the Statement) for the quarter ended 31 December 2020 and the consolidated year to date results for the period 01 April 2020 to 31 December 2020, being submitted by the Holding Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including relevant circulars issued by the Securities and Exchange Board of India ('SEBI') from time to time.
2. This Statement, which is the responsibility of the Holding Company's management and approved by the Holding Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, Interim Financial Reporting ('Ind AS 34'), prescribed under section 133 of the Companies Act, 2013 ('the Act'), and other accounting principles generally accepted in India and is in compliance with the presentation and disclosure requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including relevant circulars issued by the SEBI from time to time. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing specified under section 143(10) of the Act, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Walker Chandiook & Co LLP

We also performed procedures in accordance with the SEBI Circular CIR/CFD/CMD1/44/2019 dated 29 March 2019 issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), to the extent applicable.

4. Based on our review conducted and procedures performed as stated in paragraph 3 above and upon consideration of review report of other auditors referred to in paragraph 5 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, prescribed under Section 133 of the Act, and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including the manner in which it is to be disclosed, or that it contains any material misstatement.
5. We did not review the financial results of four subsidiaries included in the Statement whose financial information reflects total revenues of ₹ 80.19 crores and ₹ 212.92 crores, total net profit after tax of ₹ 6.10 crores and ₹ 11.41 crores, total comprehensive income of ₹ 6.23 crores and ₹ 11.42 crores for the quarter and year-to-date period ended on 31 December 2020, respectively, as considered in the Statement. These financial results have been reviewed by other auditors whose review reports have been furnished to us by the management, and our conclusion in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the review report of such other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion is not modified in respect of this matter with respect to our reliance on the work done by and the reports of the other auditors.

6. The Statement includes the financial results of four subsidiaries, which have not been reviewed/audited by their auditors, whose financial results reflect total revenues of ₹ Nil and ₹ Nil, net loss after tax of ₹ Nil and ₹ Nil, total comprehensive loss of ₹ 1.17 crores and ₹ 3.36 crores for the quarter and year-to-date period ended 31 December 2020 respectively, as considered in the Statement and have been furnished to us by the Holding Company's management. Our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, are based solely on such unaudited/unreviewed financial results. According to the information and explanations given to us by the management, these financial results are not material to the Group.

Our conclusion is not modified in respect of this matter with respect to our reliance on the financial results certified by the Board of Directors.

INDEPENDENT AUDITOR'S REPORT

To the Members of Bamnival Steel Limited

Report on the Audit of the Interim Financial Statements

Opinion

We have audited the Interim Financial Statements of Bamnival Steel Limited ("the Company"), which comprise the balance sheet as at 31st December, 2020 and the statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the nine months period then ended, and notes to the interim financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid interim financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS 34 "Interim Financial Reporting" and accounting principles generally accepted in India, of the state of affairs of the Company as at 31st December, 2020 and its profit, its changes in equity and its cash flows for the nine months period ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the interim financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

The Company's has submitted joint application along-with its parent Company TATA Steel Ltd before National Company Law Tribunal, Mumbai Bench for its amalgamation along-with its subsidiary TATA Steel BSL Ltd. with "TATA Steel Ltd." The amalgamation is subject to necessary approval from the shareholders and other regulatory authorities.

Our opinion is not modified in this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Srl. No.	Key Audit Matter	Auditor's Response
1	Estimation Uncertainty relating to the global pandemic COVID-19	Principal Audit Procedures
	In assessing the recoverability of Investments and other financial assets and non-financial assets, the Company has considered internal and external information up to the date of approval of these financial statements. As Company is not a capital-intensive company and being primarily holding its major assets in Investments in a Subsidiary Company and in Inter-Corporate Deposits where it expects to recover the carrying amount of these assets.	We have reviewed management assessment on recovery and compliance relating to Investments and other financial and non-financial assets. We also discussed with the Key Management and reviewed the supporting documents along-with the adequacy of Internal Controls over the carrying amount of the assets.
		Our Observations
		Based on our review and audit procedures, we found that the management assessment on recovery of the carrying amount of the financial and non-financial assets is reasonable.

Responsibility of Management for Interim Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these interim financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS 34 “Interim Financial Reporting” specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and

maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the interim financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the interim financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Interim Financial Statements

Our objectives are to obtain reasonable assurance about whether the interim financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these interim financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the interim financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the interim financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the interim financial statements, including the disclosures, and whether the interim financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

BAMNIPAL STEEL LIMITED

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. COMPANY INFORMATION

Bamnival Steel Limited ("the Company") is a public limited Company incorporated in India with its registered office in Tarapur, Thane, Maharashtra, India.

The Company was incorporated on 19th January 2018 with the main object of setting up of iron and steel making facilities and having presence across all the entire value chain of steel manufacturing, from mining and processing of all kinds of minerals to producing and distributing finished products

The functional and presentation currency of the Company is Indian Rupee ("₹") which is the currency of the primary economic environment in which the Company operates.

As on December 31, 2020, Tata Steel Limited owns 100% of the Ordinary shares of the Company, and has the ability to influence the Company's operations

2. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied by the Company in the preparation of its financial statements are listed below.

(a) Basis of preparation

The financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(b) Use of estimates and critical accounting judgements

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

(c) Property, plant and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

BAMNIPAL STEEL LIMITED

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised. Borrowing costs incurred during the period of construction is capitalised as part of cost of the qualifying assets.

The gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset and is recognised in the statement of profit and loss.

(d) Intangible assets (excluding goodwill)

Patents, trademarks and software costs are included in the balance sheet as intangible assets where they are clearly linked to long term economic benefits for the Company. In this case they are measured initially at purchase cost and then amortised on a straight-line basis over their estimated useful lives. All other costs on patents, trademarks and software are expensed in the statement of profit and loss as and when incurred.

Expenditure on research activities is recognised as an expense in the period in which it is incurred. Costs incurred on individual development projects are recognised as intangible assets from the date when all of the following conditions are met:

- (i) completion of the development is technically feasible.
- (ii) it is the intention to complete the intangible asset and use or sell it.
- (iii) it is clear that the intangible asset will generate probable future economic benefits.
- (iv) adequate technical, financial and other resources to complete the development and to use or sell the intangible assets are available and;
- (v) it is possible to reliably measure the expenditure attributable to the intangible asset during its development.

Recognition of costs as an asset is ceased when the project is complete and available for its intended use, or if these criteria no longer applicable.

Where development activities do not meet the conditions for recognition as an asset, any associated expenditure is treated as an expense in the period in which it is incurred.

Subsequent, to initial recognition, intangible assets with definite useful lives are reported at cost less accumulated amortisation and accumulated impairment losses.

(e) Depreciation and amortisation of property, plant and equipment and intangible assets

Depreciation or amortisation is provided so as to write off, on a straight-line basis, the cost of property, plant and equipment and other intangible assets, including those held under finance leases to their residual value. These charges are commenced from the dates the assets are available for their intended use and are spread over their estimated useful economic lives or, in the case of leased assets, over the lease period, if shorter. The estimated useful lives of assets and residual values are reviewed regularly and, when necessary, revised. No further charge is provided in respect of assets that are fully written down but are still in use.

Depreciation on assets under construction commences only when the assets are ready for their intended use. The estimated useful lives for the main categories of property, plant and equipment and other intangible assets are:

	Estimated useful life (years)
Plant and Machinery	4 to 6 years
Vehicles	5 years
Furniture, Fixtures and Office Equipments	4 to 6 years
Computer Software	5 years
Freehold land is not depreciated.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

(f) Impairment

At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.

(g) Leases

Ind AS 116 replaces the existing lease standard, Ind AS 17 Leases. This Lease standard eliminates the classification of leases as either finance leases or operating leases. Ind AS 116 sets out the principles for the recognition, measurement presentation and disclosure of leases for both lessees and lessors. It introduces a single, on balance sheet lessee accounting model for lessees. A Lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirement for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

(h) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

BAMNIPAL STEEL LIMITED

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

(a) Financial assets

Cash and bank balances

Cash and bank balances consist of:

(i) Cash and cash equivalents - which includes cash in hand, deposits held at call with banks and other short term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.

(ii) Other bank balances - which includes balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company in respect of equity investments (other than in subsidiaries, associates and joint ventures) which are not held for trading has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Company on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

Impairment of financial assets

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and fair value through other comprehensive income.

The Company recognises life time expected credit losses for all trade receivables that do not constitute a financing transaction.

For financial assets whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

BAMNIPAL STEEL LIMITED

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

De-recognition of financial assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

(b) Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

De-recognition of financial liabilities

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

(i) Employee benefits

Defined contribution plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

Defined benefit plans

For defined benefit retirement schemes the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Re-measurement gains and losses of the net defined benefit liability/(asset) are recognised immediately in other comprehensive

BAMNIPAL STEEL LIMITED

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

income. The service cost and net interest on the net defined benefit liability/(asset) is treated as a net expense within employment costs.

Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined-benefit obligation as reduced by the fair value plan assets.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised based on actuarial valuation at the present value of the obligation as on the reporting date.

(j) Inventories

Inventories are stated at the lower of cost and net realisable value. Costs comprise direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Net realisable value is the price at which the inventories can be realised in the normal course of business after allowing for the cost of conversion from their existing state to a finished condition and for the cost of marketing, selling and distribution.

Stores and spare parts are carried at lower of cost and net realisable value.

(k) Provisions

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Where the time value of money is material, provisions are measured on a discounted basis.

Constructive obligation is an obligation that derives from an entity's actions where:

- (a) by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities and;
- (b) as a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

(l) Income taxes

Tax expense for the year comprises of current and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the

BAMNIPAL STEEL LIMITED

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

Current and deferred tax are recognised as an expense or income in the statement of profit and loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity.

(m) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable net of discounts, taking into account contractually defined terms and excluding taxes or duties collected on behalf of the government.

Sale of services

Revenue from business process services contracts priced on the basis of time and material or unit of delivery is recognized as services are rendered or the related obligation is performed.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

Dividend income

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

Rental income

Rental income from investment properties and subletting of properties is recognised on a straight line basis over the term of the relevant leases.

Commission income

Commission income is recognised when the services are rendered.

(n) Foreign currency transactions and translations

The financial statements of the Company are presented in Indian rupees (₹), which is the functional currency of the Company and the presentation currency for the financial statements.

In preparing the financial statements, transactions in currencies other than the Company's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at the end of

BAMNIPAL STEEL LIMITED

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

the reporting period. Nonmonetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on the retranslation or settlement of other monetary items are included in the statement of profit and loss for the period.

(o) Borrowing costs

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is recognised in the statement of profit and loss.

Discounts or premiums and expenses on the issue of debt securities are amortised over the term of the related securities and included within borrowing costs. Premiums payable on early redemptions of debt securities, in lieu of future finance costs, are written off as borrowing costs when paid.

(p) Earnings per Share (EPS)

Basic EPS are calculated by dividing the profit or loss for the year attributable to equity holders of the company by the weighted average number of equity shares outstanding during the year.

The company did not have any potentially dilutive securities during the period.
