'Second wave's impact unlikely to be big; support needed for recovery'

PRESS TRUST OF INDIA
New Delhi, May 31

CHIEF ECONOMIC ADVISER (CEA) KV Subramanian on Monday said the impact of the second Covid-19 wave is not likely to be large on the economy but going forward, fiscal and monetary support will be needed to prop up growth. He, however, said it would be difficult to predict if double growth target for the current fiscal can be achieved given the uncertainty surrounding the pandemic.

The Economic Survey 2020-21 released in January this year had projected GDP growth of 11 per cent during the current financial year ending March 2022. "Given the uncertainty about the pandemic it would be very hard to give actual numbers but assessment is that impact is not going to be very large especially also keeping in the mind that the estimates that we had made in both the Economic Survey and Budget were relatively very conservative," he said.

India's economy contracted by less-than-expected 7.3% in the fiscal ended March 2021 after growth rate picked up in the fourth quarter. The GDP print was better than the expected contraction of 8% for

Chief economic adviser KV Subramanian

2020-21 as projected by the Economic Survey.

Observing that the second Covid-19 wave peaked in May, Subramanian said the localised and state-wise restrictions adopted to check the spread of the virus do present some downside risk to growth in the first quarter of the current fiscal. "It looks like as of now that India (virus infections) peaked on May 8... I must mention that caveat related to pandemic must be kept in mind that the some qualitative estimates that we have made are subject to immense uncertainty in the trajectory of the pandemic during the year," he said, adding, the intensity of the second wave could not be even predicted by

epidemiologists.

"We have assessed it by state-wise stringency index estimated for April 2021 and beyond and looking at 17 states that account for more than 90 per cent of GDP and adjusting the impact of vaccination and some pent-up demand coming back...we have made projections on that...we do think that the overall economic impact of the second wave is not going to be very large," he said. He however, said "monetary and fiscal policy support will continue to be important going forward."

It is to be noted that the government exploring the possibility of another round of stimulus to support the economy battered by the second wave. For the MSME sector, the government announced some support on Sunday, while the Reserve Bank on the monetary side too recently announced some measures including restructuring of loans up to ₹25 crore.

Recalling that the economy had recovered well by March 2021, he said, "the momentum of that recovery has been impacted by the second wave as we saw using several of the high frequency indicators that we track."

Delhi HC refuses to halt Central Vista project

FE BUREAU
New Delhi, May 31

THE DELHI HIGH Court on Monday refused to halt construction work at the ambitious Central Vista Avenue in the Capital, saying the work on the project is of national importance and has to be completed within a time-bound schedule by November. The ongoing construction work has come under criticism as the country battles a deadly second Covid wave.

Refusing to suspend work at the redevelopment project amid the pandemic, a Bench comprising Chief Justice DN Patel and Justice Jyoti Singh said, "Central Vista Avenue Redevelopment Project is equally important and essential as the Central Vista Project (the main project). If this type of project is stopped, the main project cannot be completed within the stipulated time. Once the workers are staying at the site and all facilities have been provided by respondent 4 (Shapoorji Pallonji and Co), Covid-19 protocols have adhered and appropriate behaviour is being followed, there is no reason to stop the project."

"The construction activity of this essential project or a project of national importance cannot be stopped, especially when the conditions imposed by the Delhi Disaster Management

Authority on April 19 are not flouted or violated," it further said.

The petitioners — Anya Malhotra, a translator, and Sohail Hashmi, a historian and documentary filmmaker — had sought suspension of work on the redevelopment of the Central Vista Avenue which includes both sides of Rajpath where Republic Day celebration during the pandemic.

The whole project was awarded after tendering process and time being the contract's essence, the work has to be completed within the schedule on or before November 2021, the HC said, rejecting the petitioners' arguments that the time limit be extended. Imposing a cost of ₹1 lakh on the petitioners to be deposited by the Delhi State Legal Services Authority in 4 weeks, the HC termed the petition "motivated" and "not a genuine PIL".

The judges also pointed out that clearance to the project has already been upheld by the Supreme Court. Rejecting the stand that the project is not an essential activity, the Chief Justice said the project is of vital importance and essential and has a direct nexus with the main project.

PLI: Govt nod to 4 firms for bulk drugs

PRESS TRUST OF INDIA
New Delhi, May 31

THE GOVERNMENT HAS given approval to four wait-listed firms under the production-linked incentive (PLI) scheme for domestic manufacturing of bulk drugs, an official statement said on Monday.

The Department of Pharmaceuticals had launched the PLI scheme for promotion of domestic manufacturing of critical bulk drugs — Key Starting Materials (KSMs)/Drug Intermediates and Active Pharmaceutical Ingredients (APIs). It envisages setting up greenfield

plants in four different target segments with a total outlay of Rs 6,940 crore for the period 2020-21 to 2029-30.

All the 215 applications received for the 36 products spread across the four target segments were considered and appraised and selected participants duly informed, the ministry of chemicals and fertilisers said.

Now, four waitlisted applicants who are otherwise eligible have been approved against slots vacated by withdrawal by companies which had earlier been granted approvals, it said.

The companies which

have been given approval are — Solara Active Pharma Science, Rajasthan Antibiotics, Dhatri Lab and Vital Laboratories.

The products for which approval has been given are — 1,1 Cyclohexane Diacetic Acid, Meropenem, Ritonavir and Levofloxacin, the statement said.

"With this, a total of 46 applications with committed investment of ₹5,355.44 crore and expected employment generation of about 11,210 have been approved by the government so far under the PLI Scheme for Bulk Drugs," the ministry said.

Core sector output jumps by 56.1% in April

PRESS TRUST OF INDIA
New Delhi, May 31

THE OUTPUT OF eight core sectors jumped by 56.1% in April mainly due to a low base effect and uptick in production of natural gas, refinery products, steel, cement and electricity, official data released on Monday showed.

The eight infrastructure sectors of coal, crude oil, natural gas, refinery products,

fertilisers, steel, cement and electricity had contracted by 37.9% in April 2020 due to lockdown restrictions imposed to control the spread of coronavirus infection. In March this year, the eight sectors had recorded a growth rate of 11.4%.

"This high growth rate in April 2021 is largely due to low Index base in April 2020 consequent to the low industrial production across all sectors caused by nation-

wide lockdown imposed to contain spread of Covid-19 last year," the ministry said in a statement.

According to the commerce and industry ministry data, production of natural gas, refinery products, steel, cement and electricity jumped by 25%, 30.9%, 400%, 548.8% and 38.7% in April, as against (-) 19.9%, (-) 24.2%, (-) 82.8%, (-) 85.2% and (-) 22.9% in April 2020, respectively.

Gujarat industry demands restoration of oxygen supply

FE BUREAU
Ahmedabad, May 31

WITH COVID-19 CASES having gone down significantly and demand for medical oxygen too falling by over 70% compared to the first week of May, trade and industry bodies in Gujarat have demanded restoring oxygen supply to industries.

As per the central government's guidelines on Covid-19, the Gujarat government had ordered all oxygen manufacturing plants during the first week of April to distribute oxygen for medical purposes only.

As a result of it, thousands of

industries including foundries, fabrication units, engineering industries, steel re-rolling mills and others across the state remained almost closed in absence of oxygen supply.

"Oxygen plays a vital role in many manufacturing industries. Though industries were allowed to function during mini-lockdown, diversion of industrial oxygen for medical purposes forced thousands of units to shut their operations. This ban translated into a huge financial loss for industries," said Natubhai Patel, president of Gujarat Chamber of Commerce and Industry (GCCCI).

Trial run for Metro Line 2A and 7 flagged off

EXPRESS NEWS SERVICE
MUMBAI, MAY 31

A TRIAL run of the first phase of Metro Line 2A and 7, the 20-km stretch from Dhanukarwadi (Kamraj Nagar) and Aarey colony in the western suburbs in Mumbai, was flagged off on Monday by Chief Minister Uddhav Thackeray, Deputy CM Ajit Pawar and other ministers along with MMRDA Commissioner R A Rajeev.

The entire 35-km stretch will be commissioned in two phases. While the first phase of 19.7 km from Charkop depot / Dhanukarwadi to Aarey will be done by October 2021, the remaining stretch will be complete by January 2022.

It is expected that both the lines will be operational and open to the public from January 2022.

According to MMRDA officials, the 85 per cent indigenous metro train coaches will be driverless and will operate with the

The Kalyan Durgadi bridge was opened on Monday. Deepak Joshi

most modern signalling system. However, for the initial period drivers will be present in the coaches.

Once both the lines are operational, it will ease traffic on the western express highway while 10-15 per cent of traffic from railways will also be eased, accord-

ing to MMRDA.

"This is a historic moment for us. We have achieved a milestone wherein within four to five months we will be able to open the metro line for the public. Initially the trial will go on for four to five months. The initial test run will be conducted by the

BEML, which has manufactured the coaches. After that, Research Designs & Standards Organisation (RDSO) will be offered the trains for two months of testing. After documentation is complete, it will be submitted to the Commissioner Railway Safety, and after certification we

will be able to open the lines for the public," said MMRDA Commissioner Rajeev during the inaugural ceremony.

He said that BEML will send 10 trains by October. Each train set will have six coaches, with each coach having capacity of 380 persons.

The Metro stretch from Charkop Depot to Aarey will cover 18 stations --- including nine stations of Line 2A (10.5 km) and nine of Line 7 (9.2 kms). The trial run will be from Aarey station of Line 7 till Charkop Depot via Dahisar (E) station.

The CM also performed bhoomi puja of an elevated road and vehicular underpass to connect Terminal 1 (T1) and Terminal 2 (T2) of the international airport.

These two projects are meant to improve the entry/exit points from the Western Express Highway towards Mumbai airport.

Thackeray also e-inaugurated one arm of Rajnoli flyover and Durgadi flyover on Bhiwandi-Kalyan road.

The MMRDA designed, constructed and completed balance work of a six-lane bridge across Ulhas creek near Durgadi Fort on the Bhiwandi-Kalyan additional Road on NH-222.

Mumbai Metro Line 2A and 7 were sanctioned by the Maharashtra government on October 6, 2015, and bhoomi puja was performed by Prime Minister Narendra Modi on October 11, 2015. The entire project cost is Rs 12,000 crore.

The MMRDA was supposed to start commercial operations in December 2020, but the work was affected by the Covid-19 lockdown.

Later, when the work resumed, the deadline for starting the trial run was set for March 2021. However, it got postponed to May 31.
