#### Related parties

The Company is incorporated with the purpose of future holding and financing of group companies and/or several of its subsidiaries and associated companies out of its equity and by using loans provided by its shareholder and/or third parties.

#### Consolidation

The financial data of Orchid Netherlands (No.1) B.V. are part of the consolidated annual accounts of TS Global Holdings Pte. Ltd, 2 Venture Drive, #19 -23, Vision Exchange, Singapore -608526.

#### Accounting policies

##### General

The annual accounts have been prepared in accordance with the statutory provisions of Part 9, Book 2, of the Netherlands Civil Code and the firm pronouncements in the Guidelines for Annual Reporting in the Netherlands as issued by the Dutch Accounting Standards Board. The annual accounts are denominated in Euros.

In general, assets and liabilities are stated at the amounts at which they were acquired or incurred, or fair value. If not specifically stated otherwise, they are recognised at the amounts at which they were acquired or incurred. The balance sheet and profit and loss statement include references to the notes.

##### Foreign Currencies

The annual accounts of the Company are presented in Euro, the currency of the primary environment in which it operates (its functional currency).

##### Transactions and balances

Monetary assets and liabilities in foreign currencies are translated into euro at the quoted rates of exchange ruling at each balance sheet date. Income statement items are translated into euro at the average rates for the financial period. Any resulting exchange differences are taken to the profit and loss statement.

## B. Annual accounts

---

### **Receivables**

Receivables are valued at face value less a provision for possibly uncollectable accounts.

### **Equity**

Expenses directly related to the purchase, sale and/or issue of new shares are directly charged against equity, net of the relevant income tax effects. Other direct changes in equity are also recognised net of the relevant income tax effects.

### **Interest paid and received**

Interest paid and received is recognised on a time-weighted basis, taking account of the effective interest rate of the assets and liabilities concerned. When recognising interest paid, allowance is made for transaction costs on loans received.

### **Income taxes**

Taxes on income are accrued in the same periods as the revenues and expenses to which they relate, taking into account permanent differences. In computing the taxes current tax rates are applied. The difference between the taxation computed in this manner and that according to the tax regulations is included in the balance sheet as a deferred tax asset or liability.
